TABLES OF THE CENSUS.

I. Area and population by provinces, districts and subdistricts in 1911 and population in 1901..... 2–172
II. Conjugal condition of the people classified as single, married, widowed, divorced, legally...) separated and not given, by districts and subdistricts. 174–511
III. Conjugal condition of the people classified as single, married, widowed, divorced, legally separated and not given, by districts. 512–519
IV. Conjugal condition of the people classified as single, married, widowed, divorced, legally separated and not given, by provinces. 520
V. Population of Canada and its provinces and territories in the years 1871–81–91–1901–1911 522
VI. Population of Canada and its provinces and territories in 1871 and 1911, showing its increase by decades in forty years. 522
VII. Population in 1871 and increase of per cent of population by decades in forty years 1871–1911. 522
VIII. Area and population of Canada by provinces and districts in 1911 and population in 1901 523–526
IX. Rural and urban population of Canada in 1911 and 1901 by provinces and electoral districts and increase in the decade. 527–530
X. Rural and urban population of Canada in 1911 and 1901 by provinces and increase in the the decade. 530
XI. Houses and families in 1911 and 1901 by provinces and electoral districts and increase in decade. 531–534
XII. Houses and families in 1911 and 1901 by provinces and increase in the decade. 534
XIII. Population of cities, towns and incorporated villages in 1911 and 1901 by provinces and electoral districts and increase in the decade. 535–557
XIV. Population of cities and towns having 4,000 inhabitants and over in 1911 compared with 1871–81–91–1901. 554–555
XV. Area of lakes in Canada. 556–557

TABLEAUX DU RECENSEMENT.

I. Superficie et population du Canada par provinces, districts et sous-districts en 1911 et population en 1901...... 2–172
II. Etat civil de la population, classifiée comme célibataire, marié, en veuvage, divorcé, séparé légalement et non-donnés, par districts et sous-districts. 174–511
III. Etat civil de la population, classifiée comme célibataire, marié, en veuvage, divorcé, séparé légalement et non-donnés par districts. 512–519
VI. Etat civil de la population classifiée comme célibataire, marié, en veuvage, divorcé, séparé légalement et non-donnés, par provinces. 520
VI. Population du Canada par provinces et territoires en 1871 et 1911, montrant l'augmentation par décades en quarante ans. 522
VII. Population en 1871 et augmentation du pourcentage de la population par décades en quarante ans. 522
VIII. Superficie et population du Canada par provinces et districts in 1911 and population in 1901. 523–526
IX. Population rurale et urbaine du Canada en 1911 et 1901 par provinces et districts électoraux et augmentation durant la décennie. 527–530
X. Population rurale et urbaine du Canada en 1911 par provinces et augmentation durant la décennie. 530
XI. Demeures et familles en 1911 et 1901 par provinces et districts électoraux et augmentation durant la décennie. 531–534
XII. Demeures et familles en 1911 et 1901 par provinces et augmentation durant la décennie. 534
XIII. Population des cités, villes, et villages incorporés en 1911 et 1901 par provinces et districts électoraux et augmentation durant la décennie. 535–553
XV. Superficie des lacs du Canada. 556–557
TABLE OF CONTENTS.

Introductory tables.................................................. v-xvii

RELIGIONS.

TABLE I. Religions of the people by provinces for 1911 and totals for 1901 and 1911....... 2-3
TABLE II. Religions of the people for 1911 by census sub-districts......................... 4-147
TABLE III. Religions of the people by provinces 1911........................................ 148-147
TABLE IV. Religions of the people by census sub-districts 1911............................. 148-155
TABLE V. Comparative statement showing the principal religions of the people by provinces in 1911, 1901 and 1991............................................................. 156-157
TABLE VI. Religions of the people in principal cities 1911.................................... 158-159

ORIGINS.

TABLE VII. Origins of the people by census sub-districts 1911.................................. 162-331
TABLE VIII. Origins of the people by census districts 1911....................................... 332-361
TABLE IX. Origins of the people by provinces.......................................................... 362-369
TABLE X. Origins of the people by districts according to sex.................................... 370-371
TABLE XI. Origins of the people in 1911 and 1901 showing increase and proportion per cent of population................................................................. 372-374
TABLE XII. Origins of the people by provinces according to sex................................ 375-376
TABLE XIII. Origins of the people by provinces 1911 and 1901.................................. 377-378
TABLE XIV. Origins of the people in principal cities 1911........................................ 379-380

BIRTHPLACE AND CITIZENSHIP.

TABLE XV. Birthplace of the people by districts....................................................... 385-405
TABLE XVI. Birthplace of the people in cities and towns of 7,000 and over.................. 406-429
TABLE XVII. Birthplace of the people by provinces.................................................... 430-450
TABLE XVIII. Per cent distribution of native population by provinces of birth............ 451-461
TABLE XIX. British and foreign born by provinces 1911 and 1901.................................. 462-466
TABLE XX. Population born in British Islands by provinces 1911 and 1901 and increase in ten years................................................................. 467-480
TABLE XXI. Per cent ratio of population by birthplaces in cities of 7,000 and over........ 481-494
TABLE XXII. Sources of population by provinces 1911.............................................. 495-496
TABLE XXIII. Native population classified according to provinces................................ 497-500
TABLE XXIV. Per cent of native population by provinces of birth............................... 501-505
TABLE XXV. Per cent distribution of native population by province of residence........... 506-510
TABLE XXVI. Citizenship of foreign-born by provinces and districts............................ 511-515
TABLE XXVII. Citizenship of males 21 years and over by districts.............................. 516-517
TABLE XXVIII. Citizenship of females 21 years and over by districts.......................... 518-519

LITERACY OF THE PEOPLE.

TABLE XXXVIII. Literacy of total population 5 years of age and over by districts........... 520-526
TABLE XXXIX. Literacy of Canadian-born males 5 years of age and over by districts......... 527-528
TABLE XXX. Literacy of Canadian-born females 5 years of age and over by districts....... 529-534
TABLE XXXI. Literacy of British-born males 5 years of age and over by districts........... 535-540
TABLE XXXII. Literacy of British-born females 5 years of age and over by districts........ 541-546
TABLE XXXIII. Literacy of Foreign-born males 5 years of age and over by districts.......... 547-551
TABLE XXXIV. Literacy of Foreign-born females 5 years of age and over by districts....... 552-556
TABLE XXXV. Literacy of Canadian-born males 21 years of age and over by districts........ 557-559
TABLE XXXVI. Literacy of Canadian-born males 21 years of age and over by districts........ 560-562
TABLE XXXVII. Literacy of British-born males 21 years of age and over by districts........ 563-564
TABLE XXXVIII. Literacy of Canadian-born females 21 years of age and over by districts... 565-566
TABLE XXXIX. Literacy of British-born females 21 years of age and over by districts....... 567-568
TABLE XXX. Literacy of Foreign-born males 21 years of age and over by districts........... 569-570
TABLE XXXI. Literacy of Foreign-born females 21 years of age and over by districts........ 571-572
TABLE XXXII. Literacy of the population 5 years of age and over in cities and towns of 7,000 and over................................................................. 573-577

INFIRMITIES.

TABLE XXXX. Blind—statistics of by districts, showing conjugal condition, groups of ages, age incapacitated, origin, birthplace and occupations......................................................... 514-515
TABLE XL. Deaf and Dumb—statistics of by districts, showing conjugal condition, groups of ages, age incapacitated, origin, birthplace and occupations............................................. 516-519
TABLE XLI. Insane—statistics of by districts showing conjugal condition, groups of ages, age incapacitated, origin, birthplace and occupations............................................... 520-523
TABLE XLII. Idiotic—statistics of by districts, showing conjugal condition, groups of ages, age incapacitated, origin, birthplace and occupations............................................... 524-527
TABLE XLII. Idiotic—statistics of by districts, showing conjugal condition, groups of ages, age incapacitated, origin, birthplace and occupations............................................... 528-529
TABLE XLII. Idiotic—statistics of by districts, showing conjugal condition, groups of ages, age incapacitated, origin, birthplace and occupations............................................... 530-533
TABLE XLIII. Infirmities—summary for Canada and the provinces showing conjugal condition, groups of ages, age incapacitated, origin, birthplace and occupations severally of the blind, deaf and dumb, insane and idiotic population of Canada......................................................... 534-536
TABLE XLIV. Total number of infirm people and proportion per 10,000 of the population by provinces in 1891, 1901 and 1911......................................................... 537-538
TABLE XLIV. Total number of infirm people and proportion per 10,000 of the population by provinces in 1891, 1901 and 1911......................................................... 539-540
TABLE XLVI. Number of infirm people per 10,000 in each class of the population 1911........ 541-544

Appendix: Census of the far north of Canada......................................................... 545

INTRODUCTION.

PAGE.

FOREWORD.................................................................v

Farm Lands—

Total land area occupied and estimated areas possible of occupation as farm lands, in Canada, at date of the Census, June, 1911.............................................................. vii

Total land area and land in farms by provinces 1911 and 1901............................................................... viii

Population of farms, farm lands and farm property of Canada, 1911 and 1901........................................... vii

Rent and wages by provinces in 1911 and 1901................................. x

Per cent distribution of farm holdings, 1891-1911........................ x

Tenure of farm lands, 1891-1911............................................. xi

Comparative areas of field crops in 1911 and 1910, together with ten years average production per acre.... xiv

Per cent distribution of farm lands by provinces, 1911 and 1901. xv

Average size of farms and average acreage of improved land per farm 1911 and 1901............................ xvi

Farm Property—

Value of farm property, by provinces, 1911 and 1901................................................................. xviii

Per cent distribution of the value of farm property belonging to each province, 1911 and 1901........ xx

Per cent distribution of the value of farm property according to classes by provinces, 1911 and 1901.... xxi

Orchards and Gardens—

Orchard and Garden areas for all Canada, 1891-1911................................................................. xxii

Land in orchards, small fruits and vegetables compared by provinces, 1891-1911................................. xxii

Fruit trees bearing and non-bearing together with average number per farm and per 100 acres of improved land, 1911 and 1901................................................................. xxii

Fruit trees production with and without production of small fruits and vegetables, 1890-1910............... xxiv

Orchard trees in 1901 and 1911 and fruit in 1890, 1900 and 1910 compared by provinces........................ xxv

Value of fruits and vegetables separately in 1910 and compared by totals in 1910 and 1900, together with percentage of the increase in ten years................................................... xxvi

Per cent proportion which the value of orchard fruits, small fruits and of vegetables forms of the aggregate value of fruit and vegetables, by provinces in 1910.............................. xxvii

Quarterly value of fruit exported for the years ended June 30, 1891, 1901, and 1911, by provinces.................................................. xxviii

Quantity and value of fruit imported for the years ended June 30, 1891, 1901 and 1911........................ xxviii

Field crops—

Comparative area of field crops, by provinces 1890, 1900, 1910 and 1911............................................ xxix

Rent and distribution of field crops by provinces 1890, 1900 and 1910.................................................. xxx

Comparative statement showing increases or decreases in the acreage of field crops for all Canada from 1890 to 1900 and from 1900 to 1910................................................................. xxxi

Comparative statistics of areas of field crops by provinces, 1890, 1900, 1910 and 1911.............................. xxxii

Average acres of field crops per 100 acres improved land by provinces, 1911 and 1901............................ xxxii

Per cent which the area under specified crops forms of the total area of improved land and also the percentage of the total acresage under field crops possessed by each crop, by decades........................................... xli

Comparative statement of yields of grain crops, 1890-1910................................................................. xlii

Comparative statement of yields of hay, potatoes, root and other crops, 1890-1910................................ xliii

Area and production of field crops for all Canada, 1890, 1900 and 1910............................................ xlix

Average production of field crops per acre under such crops for all Canada, 1890-1910........................ xl

Average value of field crops together with their average value per farm, by provinces, in 1910 and 1900.................... lii

Value of field crops by specified kinds, 1910................................................................. liii

Per cent proportion of the total value of all field crops represented by specified crop groups, 1910.... liv

Per cent which the value of principal crops, by provinces, 1910 and 1900........................................... lv

Per cent distribution of the value of field crops, together with their average value per acre of land under such crops, 1910 and 1900................................................................. lv

Principal acreage of production by provinces, 1910................................................................. lv

Quantity and value of field crops exported in 1891, 1901 and 1911 being the production of the census years 1890, 1900 and 1910................................................................. lx

Rent and Labour—

Rent of agricultural lands by provinces in 1911 and 1901................................................................. lxii

Farm labour and wages by provinces, 1911 and 1901................................................................. lx

Live Stock on farms—

Summary of the number and value of live stock in Canada as a whole, 1911 and 1901.............................. lxxi

Number of horses, all ages, by provinces, 1911 and 1901................................................................. lxxii

Per cent distribution of horses, by provinces and average number per 100 acres improved land, 1911 and 1901................................................................. lxii

Value of horses, by provinces, 1911 and 1901................................................................. lxii

Average value per head of horses together with the average number per farm by provinces, 1911 and 1901.................... lxiii

Number of milk cows by provinces, 1911 and 1901................................................................. lxiv

Value of milk cows by provinces, 1911 and 1901................................................................. lxiv

Per cent distribution of milk cows, together with the average number per farm by provinces in 1911 and 1901.................... lxv

Average value per head of milk cows, together with the average number per farm by provinces in 1911 and 1901.................... lxvi

Per cent distribution of milk cows, together with the average number per farm by provinces in 1911 and 1901.................... lxvii

Number of sheep by provinces, 1911 and 1901................................................................. lxvii

Value of sheep by provinces, 1911 and 1901................................................................. lxvii

Average value of sheep, together with the average number per farm by provinces, 1911 and 1901.................... lxviii

15505-A
Per cent distribution of sheep and the average number per 100 acres of improved land, by provinces, in 1911 and 1901.............. lxxi
Number of swine in Canada, by provinces, 1911 and 1901......... lxxii
Average value per head of swine, per farm, by provinces, 1911 and 1901................................................................. lxxiii
Per cent distribution of swine and the average number per 100 acres of improved land, by provinces, 1911 and 1901.......... lxxiv
Number of poultry by provinces, 1911 and 1901....................... lxxv
Poultry according to kinds by provinces, 1911 and 1901........... lxxvi
Per cent distribution of poultry and the average number per 100 acres of improved land, by provinces, 1911 and 1901........ lxxvii
Value of poultry by provinces, 1911 and 1901......................... lxxviii
Average value per head of poultry, together with the average number per farm, by provinces, 1911 and 1901.................. lxxix
Exports of domestic animals by decades 1881-1910, and separately for the years 1909 and 1910................................. lxxx
Pure-bred animals on farms by provinces, 1911 and 1901........ lxxxi
Average value per head of animals on farms, June 11, 1911, and of animals sold in 1910 compared................................. lxxxii

Live stock sold—
Horses sold in 1910. Proportion which they form of horses on farms, together with the per cent distribution of sales by provices.... lxxiii
Cattle, all kinds, sold in 1910. Proportion which they form of cattle on farms, together with the per cent distribution of sales by provinces................................................................. lxxiv
Milch cows sold in 1910. Proportion which they form of milch cows on farm, together with the per cent distribution of sales by provinces................................................................. lxxv
Swine sold in 1910. Proportion which they form of all swine on farms, together with the per cent distribution of sales by provinces................................................................. lxxvi
Revenue from provinces, 1910.............................................. lxxvii
Comparative statement of the aggregate value of all domestic animals, sold or slaughtered, 1910 and 1900............................ lxxviii

Exports and Imports of Animal products—
Production, exports, imports and consumption of Eggs, 1910 and 1900................................................................. lxxix
Quantity and value of animal products exported, 1891, 1901 and 1911................................................................. lxxx

Dairying—
Comparative statistics of the Dairy Industry showing production, exports, imports and consumption, for all Canada, in the census years 1911 and 1901................................................................. lxxx
Comparative statement of Butter and Cheese production in Canada, 1910 and 1900................................................................. lxxx
Dairy production, by provinces, in 1910.............................................. lxxxi
Value of Dairy products by provinces together with the average value of product per cow, 1910 and 1900............................ lxxxii

General summary—
Comparative statement of the total value of all farm property, of land products, of animals sold or slaughtered and of animal products in 1910 and 1900 together with the increase made in the decade xci-xxii
Percentage which they form of the total value of farm property, of land products, animals sold or slaughtered and animal products represent by province, 1910 and 1900................................................................. cxxx
Per cent return on investment in farm property which the gross value of land products, animals sold or slaughtered and animal products represent by provinces, 1910 and 1900................................................................. cxxxiv

GENERAL TABLES.

Table I. Farm Holdings. 2-45
Table II. Land occupied according to Tenure and Condition. 46-133

Table XXXIV. Summary of Field Crops by Areas, Products and Averages, 1910, 1900. 560-569
Table XXXV. Comparative Statement of Animal principal Field Crops, 1890-1910. 570-579
Table XXXVI. Comparative Statement of yields of principal Grain Crops, 1880 1910. 580-589
Table XXXVII. Number of Farm Animals, 1891-1911. 590-600
Table XXXVIII. Number of Farm Animals per farm holding, 1891-1911. 610-619
Table XXXIX. Number of Live Stock per 100 acres improved land 1911, 1901. 620-629
Table XL. Per cent distribution of Live Stock by Provinces, 1891-1911. 630-639
Table XLII. Value of Live Stock 1911, 1901. 640-649
Table XLIII. Comparative Statement of Live Stock in the census years, 1911, 1901. 650-659
Table XLIV. Comparative Statement of Animal products 1890-1910. 660-669
Table XLV. Pure-bred animals by classes. 670-679

Appendix. General provisions for enumeration of agricultural statistics and copies of schedules used in Fifth Census. 410-428
INTRODUCTION.

Incomparability of statistics with 1900. ........................................ v
Square, wasey or flat timber by quantities and values for Canada in 1910, and the price per unit of measure in 1910 and 1900. vi
Logs for lumber by quantities and values for Canada in 1910, and the price per M feet board measure in 1910 and 1900. vi
Miscellaneous forest products by quantities and values for Canada in 1910, and the price per unit of measure in 1910 and 1900. vii

Fishery production.

Plant employed in fisheries by number and value compared for 1900 and 1910 for Canada: ........................................ viii-viii
Value of plant by provinces compared for 1900 and 1910. viii
Fishes and shellfishes landed for 1900 and 1910 by provinces. ix
Production of fisheries by provinces compared for 1900 and 1910, by classes (1) sea and lake fisheries (2), fresh and preserved fish, with totals. ix-x
Ten principal kinds of fish compared by values of production and by percentages of total production for 1900 and 1910. x-xi

Fur production.

Comparative table of the numbers of furs and skins of animals taken in 1871 and 1911 in the four provinces of Old Canada and the numbers for Canada as constituted in 1911 with increases or decreases 1871-1911. xii
Values of furs and skins of wild animals killed in 1880, 1890, 1900 and 1910 according to the censuses of 1881, 1891, 1901 and 1911, by provinces. xiii
Skins or pelts of the beaver family (Mustelidae) taken in 1910. xiii-xiv
Skins or pelts of the mink family in 1910. xiv
Skins or pelts of the ermin family taken in 1910. xiv

Fur farming in Canada. ........................................ xxvii-xxxvi

Mineral production.

General summary of—
Mineral production in Canada, 1900 and 1910. xxvii-xxxii
Value of stock of mines and per cent distribution by provinces, 1900 and 1910. xxvii-xxxii
Value of buildings and plant compared by classes of ores and products for Canada in 1900 and 1910. xxvii-xxxii
Mines and works and capital invested in buildings and plant together with per cent distribution by provinces xxvii-xxxii
Comparative averages of employees, wages and classes of ores and products for Canada in 1900 and 1910. xxvii-xxxii
Classified groups of mineral products compared by values for Canada in 1900 and 1910. xxxii-xxxv
For representative minerals ores and products for Canada in 1900 and 1910. xxxii-xxxv
Values of groups of classified ores and products, exclusive of manufactures for Canada in 1900 and 1910. xxxii-xxxv

Metallic ores and products—
Arsenic, statistics of. xxviii-xxx
Cobalt, statistics of. xxviii-xxx
Copper, statistics of. xxviii-xxx
—production in Canada 1900 and 1910. xxviii-xxx
—production in Canada by classes in 1900 and 1910. xxviii-xxx
Gold, kope or vein, statistics of.
—production in Canada in 1900 and 1910. xxviii-xxx
—production in Canada by classes in 1900 and 1910. xxviii-xxx
Gold, placer, statistics of. xxviii-xxx
Iron ore, statistics of. xxviii-xxx
Lead, statistics of. xxviii-xxx
—production in Canada in 1900 and 1910. xxviii-xxx
Nickel, statistics of. xxviii-xxx
—production in Canada in 1900 and 1910. xxviii-xxx
Silver, statistics of. xxviii-xxx
—production in Canada in 1900 and 1910. xxviii-xxx
—employees, wages and salaries in Canada in 1900 and 1910. xxviii-xxx
Zinc, statistics of. xxviii-xxx

Non-metallic products—
Arsenic, statistics of. xxviii-xxx
Asbestos, statistics of. xxviii-xxx
—production, plant, employees, wages and salaries in Canada in 1900 and 1910. xxviii-xxx
Calcium carbide, statistics of. xxviii-xxx
Coal, statistics of. xxviii-xxx
—production in Canada in 1900 and 1910. xxviii-xxx
—imports by classes 1900-1910. xxviii-xxx
—consumption in Canada by five year periods. xxviii-xxx
—production per province 1900 and 1910. xxviii-xxx
—capital and production compared by provinces in 1900 and 1910. xxviii-xxx
—employees, wages and salaries production compared by provinces in 1900 and 1910. xxviii-xxx
Coke, statistics of. xxviii-xxx
Corundum, statistics of. xxviii-xxx
Cut stones, statistics of. xxviii-xxx
Field glass, statistics of. xxviii-xxx
Flint glass, statistics of. xxviii-xxx
Feldspar, statistics of. xxviii-xxx
Graphite, statistics of. xxviii-xxx
Gypsum, statistics of. xxviii-xxx
Mica, statistics of. xxviii-xxx
Mineral water, statistics of. xxviii-xxx
Miscellaneous minerals, statistics of. xxviii-xxx
—production in Canada in 1900 and 1910. xxviii-xxx
Natural gas, statistics of. xxviii-xxx
Petroleum crude, statistics of. xxviii-xxx
Phosphate (apatite), statistics of. xxviii-xxx
Quartz, statistics of. xxviii-xxx
Quartz, statistics of. xxviii-xxx
Salt, statistics of. xxviii-xxx
Spruce, statistics of. xxviii-xxx
Soda, statistics of. xxviii-xxx
Talc, statistics of. xxviii-xxx
Terebinth, statistics of. xxviii-xxx
GENERAL TABLES.

PRODUCTS OF THE FOREST CUT ON FARMS.
