	<b>Census Tract Series.</b>		
	Reports in the Census Tract Series present basic population, housing, household, family and labour force characteristics for statistical areas (i.e., census tracts) within each of 29 larger rural centres and census metropolitan areas. Two reports are being issued for each tracted centre - one providing distributions of 100 percent data ("A" series) and the other containing classifications of sample data ("B" series). Each report contains an index map outlining the locations of the census tracts for that particular area.		

## "A" Series.

Census tract reports in the "A" series present basic distributions by age, sex, marital status, and mother tongue as well as family and household size and composition and housing attributes of tenure, type of dwellings, number of rooms, and sanitary facilities.
